RADIO STATIONS BRANCH, SR. OCR

(FOR OCR REPORT TO KILLIAN COMMITTEE)

The Radio Stations Branch answered 740 ad-hoc and standing requests for information during the period 1 November 1956 through 30 April 1957. Of these requests 415 were from components of CIA, and 325 were from the non-CIA agencies listed below:

- Airforce, Air Research and Development Command
- Army, Combat Development & Operations Branch
- Signal Intelligence Agency
- Commerce, Bureau of Foreign Commerce
- Central Radio Propagation Laboratory
- FBI, Communications Division
- FCC, Frequency Allocation and Treaty Division
- Field Engineering and Monitoring Bureau
- NSA, Office of Collection
- Navy, Frequencies Division
- ODM, Interdepartment Radio Advisory Committee
- Radio Free Europe
- Radio Liberation
- USIA, Voice of America

As examples of the more interesting services performed, a series of statistical reports on radio frequency assignments and usage have been furnished ODM Interdepartment Radio Advisory Committee Working Groups to assist in preparation for the International Radio Conference to be held in Geneva in 1959. Also, two machine tabulations of radio frequency usage data were supplied the NBS, Central Radio Propagation Laboratory (CRPL) at Boulder, Colo. One was to be used as a signal identification aid in the IGY monitoring program to study radio noise levels. The other tabulation was to assist CRPL in locating spectrum space for IGY radio communications circuits to Antarctica.
